Summary

Data & Analytics Consultant from Buenos Aires, Argentina, with a master's in political science and 9+ years of experience across government, private, and NGO sectors. Having led data teams, I specialize in bridging the gap between technical complexity and broader audiences — translating infrastructure and technical processes into accessible terms, and making analytical findings actionable for decision-makers.

Skills

- **Programming & Analysis:** R – SQL - Shiny – Python – Git – Linux – Databricks - Azure - Technical Writing
- **Languages:** Spanish (native) - English (proficiency) - Italian (intermediate)

Recent Working Experience

- **Data & Analytics Consultant** | Wizeline | **05/2025 – present** End-to-end data consulting services including infrastructure assessment, analysis, dashboard development and technical documentation.
- **Data Analysis - Team leader** | Buenos Aires City Government | **01/2024 – 04/2025** Implementation of people analytics techniques to enhance the Government's human resources management. Use of SQL, R, Shiny, Quarto, Git, Linux and Docker.
- **Blockchain Data Analyst** | Flipside Crypto and Metrics DAO | **02/2022 – 01/2023** Freelance analytical challenges and dashboard building using blockchain data, SQL (Snowflake), R and Shiny.
- **Structure analysis - Team leader** | Buenos Aires City Government | **03/2019 – 12/2023** Analysis, diagnosis and optimization of the functional and organic structure of the Government. Use of PowerBI and QlikView.
- **Public Opinion analyst** | Poliarquía Consultores | **03/2018 – 03/2019** Datasets processing and elaboration of Public Opinion studies and reports. Use of SPSS.
- **Database analyst** | Aldeas Infantiles SOS Argentina | **06/2017 – 03/2018** Administration and maintenance of donors database. Use of Salesforce.

Education

- **Master in Political Science** | Universidad Torcuato Di Tella | **2021**

- **Degree in Political Science | Universidad de Buenos Aires | 2016**
